

Having visited the Honble
& Rev^d Mr Broderick - a member
also of the local Committee, I
had the honor afterwards of
a long interview with a lady
of the highest influence and
rank in Bath. I hope she
will take the initiative in
forming a Committee of
ladies. not so much to
raise funds, as to evince
their admiration of the
objects of the Exhibition and
to encourage & bring forth
any latent merit amongst
the poor class of young
women.

Truly Dear

Yours very truly
