

The way and a great desire to help
Price about "the taste of our Stone
Duke" as my ^{correspondence} mostly
calls the price of paper. But these
elements, I hope, everything. To day
we have had a meeting of the Ecological
Society (its anniversary) and as
Price about a the Price of Paper
discussing my library with a group
of about 40 students. Her room was
particularly done by my brother to
make up for lost time. I made
very long speeches & stay at public
meetings here, and as you will
see by the newspaper what price
and sent back, the price of the
ground then is around \$100 per

acre. I know them and the meeting
last on the Monday, September 10th.
All the towns meet next week, for the
purpose of organizing an organized
highly organized mass of meetings. I can
think only of the report before that
everything seems to be in the excellent
ground to be a result, though I
fear that that is not what is not
what you get to make. There is
certainly one return of space made
& upon the second one given.
That is a well made journal.
It ought to be by far the most
superior paper published. It is
